

Welcome!

We know it is not easy to make the decision to invite someone to your home and provide home care. Here at Love 'n Comfort, we begin by reviewing your needs through discussions in which family members are involved. If necessary we consult with the family's physician, a social worker, hospitals or nursing home staff.

Our strict personalized background check is the best in the Home Health Care industry. It is designed to give our clients peace of mind. You will only allow caregivers to your home that you feel totally comfortable with. When you review our caregiver's profile, you will be surprised to know that we value the care giver's character.

OUR MISSION

Our mission is enriched and achieved through a dynamic partnership with our staff, residents and their families and with the community. We provide the highest quality home health care services to our clients in the comforts of their own homes. By encouraging a supportive, respectful working environment, we enhance the professionalism of our staff and the well being of our clients.

OUR VISION

Our vision is to serve every individual with special needs associated with aging, physically and mentally challenged impairment. We fulfill that vision by constantly testing ourselves to identify and respond to the ever-changing needs of the community. We provide comprehensive array of services to the long-term, independent and assisted living communities. We are always on the demand for the highest standards of quality and excellence.
